METADATA RECORD

1. TITLE: Support for Market Based Air Pollution Control Programs

2. IDENTIFICATION (SOLICITATION) NUMBER: PR-HQ-02-10608

3. ABSTRACT: The United States Environmental Protection Agency's Office of Acquisition Management will issue a solicitation to acquire contractor support for economic, environmental, statistical, financial, and evaluative analyses; technical and engineering analyses; communication, outreach, guidance, and regulatory program support; business process re-engineering and computer system support; analysis of greenhouse gas emissions; analyses of National and global strategies for limiting global atmospheric changes; and support for market mechanisms in developing countries and economies in transition. EPA anticipates the award of a cost-plus-fixed-fee contract. There will be a one-year base period and four one-year option periods. The RFP will be issued on or around March 1, 2002 with proposals due 30 days after issuance of the solicitation. The EPA intends to solicit this requirement as a total small business set-aside after exclusion of sources. Excluded sources are power generation companies, point source emitters of Hg, SO₂, NO_x, or CO₂, and any of their affiliates.

4. PURPOSE: The purpose of the CBD announcement is to notify potential offerors of EPA's requirement and direct interested parties to the EPA's "Doing Business with EPA" Internet World Wide Web site at <http://www.epa.gov/oam> for further information on this procurement as it becomes available.
